“Don’t just be in the industry, be a part of it”

Over 140 companies

Represented in 20 countries

The YPPE is a group of motivated young professionals working within the pipeline industry. We aim to close the generational skills gap and ensure a sustainable future for the European pipeline industry by supporting the career development of young professionals. YPPE strive to achieve our vision by engaging with the pipeline community and providing technical training, leadership opportunities, mentorship and networking opportunities.

Why join the YPPE?

Knowledge sharing

Leadership opportunities

Foster relationships

What can you expect from us?

Exclusive access to our online events

Opportunity to shape your future

Large network of peers

Join our pipeline community!

The YPPE aims to connect young professionals interested in sharing knowledge and/or learning about pipelines. While there are no specific joining requirements, YPPE primarily serves individuals aged up to 35.

The knowledge and experience of senior industry professionals is valuable to us, and we encourage those individuals to join us as supporting members.
