

YOUNG PIPELINE PROFESSIONALS NIGERIA

Energizing all young professionals and the pipeline community.

WHO ARE WE?

YPP Nigeria is a multi-disciplinary group collaborating more closely to inspire and excite one another to deliver what was once unimaginable in the pipeline industry.

We currently have 12 active members and more than 24 followers on LinkedIn.

WHO CAN JOIN?

Young Pipeline Professionals Nigeria is open to mainly young people in the pipeline industry under the age of 35 years and also veteran Pipeline Professionals for proper guidance, mentorship and leadership.

OUR AIM

- ☀ We aim to grow young “qualified engineers” with total insight of design standards, operating procedures, and maintenance issues for the future of the ever expanding and existing pipeline in Nigeria and beyond.
- ☀ Getting along together with our young engineers to follow up training and pass on experience by encouraging close working relationships between young and senior professionals to ensure the transfer of knowledge.
- ☀ Create leadership and speaking opportunities for young pipeline professionals by hosting bespoke events
- ☀ Getting the learning process alive with emphasis on crew competence, improving standards and emergency response training
